# PANS, PANDAS and Neurodivergence

---

## What are PANS and PANDAS?

**PANS** - Paediatric Acute-onset Neuropsychiatric Syndrome

**PANDAS** - Paediatric Autoimmune Neuropsychiatric Disorder Associated with Streptococcal infections

## Medical conditions

Typically triggered by infections which require treatment to reduce the symptoms.

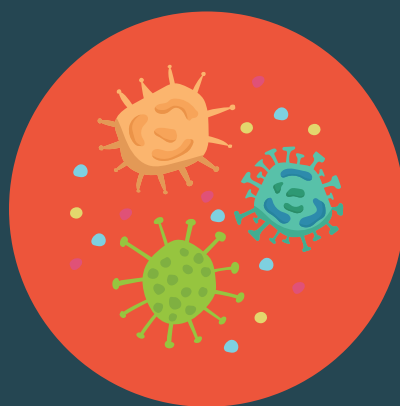

## Symptoms and treatment

For more details about the conditions go to [www.panspandasuk.org](http://www.panspandasuk.org).

## It is important to remember

Neurodivergent people can develop PANS and PANDAS too.

## Recent infection and sudden change?

If there has been a recent infection and a marked and/or sudden distressing change...

## Consider a medical evaluation

Neurodivergent people require equal access to medical evaluation and treatment.
