

Education Resources

Guide for Health Professionals

A printable guide to education, PANS and PANDAS, specifically for health professionals.

Resources for trauma-informed professionals

Webinar recordings and resources created by Dr Naomi Fisher, Clinical Psychologist.

Safeguarding and FII information

A comprehensive guide to Safeguarding and Fabricated or Induced Illness allegations.

Education pack

Twinkl, a teaching resource provider, have created this CPD training pack about the conditions.

Online training

Sign up for free CPD-accredited training.

Padlet

An archive of UK and Global resources.

Other PANS PANDAS UK resources

There are many education resources available on the PANS PANDAS UK website.

These include information on spotting early signs in the classroom, whole school approaches, a template for creating an Individual Health Care Plan and a series of interviews with an Educational Psychologist.

We also host expert-led education podcasts, and links to downloadable education posters to increase awareness.
